

## ***The European Space Policy Institute at the Frontiers Science House at the World Economic Forum Annual Meeting in Davos, Switzerland***

Davos, 21-23 January 2026

The European Space Policy Institute (ESPI) will participate in Frontiers Science House, taking place parallel to the World Economic Forum in Davos, Switzerland at the Hotel Europe.

### **ESPI Delegation**

A high-level ESPI delegation will attend the week-long programme in Davos, including:

- **H. Ludwig Moeller, ESPI Director**
- **Marco Aliberti, Associate Director of International Engagement, Partnerships & Education**
- **Gabriele Redigonda, Lead on Green and Sustainable Societies**

### **Programme highlights:**

ESPI will support and co-organise three high-level sessions bringing together global leaders from science, technology, diplomacy, and industry. ESPI's participation underscores the Institute's commitment to strengthening the role of space in evidence-based policymaking, international cooperation, and the governance of emerging technologies.

- ***The science trust dividend: enabling innovation and adoption***  
Wednesday 21 January, 7:30 – 8:30am
- ***The space technology revolution***  
Wednesday 21 January, 16:30 – 17:15
- ***Restoring multilateralism with science diplomacy***  
Friday 23 January, 10:00 – 11:00am

### **About ESPI**

The European Space Policy Institute (ESPI), based in Vienna, provides independent analysis and strategic perspectives on Europe's role in space. Through research, publications, and high-level dialogue, ESPI supports European institutions, national governments, industry, and the broader space community in shaping a coherent and forward-looking European space policy.
